# Quick question: What is a PPR?

PPR = Personalized Pathway Requirements

Related courses that lead to a specific post-high school career or educational outcome chosen by the student based on the student's interests and High School and Beyond Plan, that may include Career & Technical Education, and are intended to provide a focus for the student's learning.

# What is the High School & Beyond Plan?

A plan that specifies how you will meet your graduation requirements and what you will do following high school.

There is a component of the HSBP that needs to be completed every year, from 8<sup>th</sup> – 12<sup>th</sup> grades.

We use Xello as a platform for students to create and revise their High School & Beyond Plans. You have access to Xello right now!
