1. Washington State Healthy Youth Survey 2021

Our school is participating in the Washington State Healthy Youth Survey during fall 2021. The survey will be given to students in Grades 10 and 12 on **October 20th, 2021, during ACT.**

The Healthy Youth Survey includes questions related to physical activity and diet, unintentional and intentional injury, substance use, sexual behaviors, abuse, risk and protective factors, and access to school-based services. Survey results are used by schools, communities and state agencies to plan programs to support our youth and reduce their risks.

Participation in the survey is voluntary and the students' answers are anonymous.

JHS will be administering the survey online this year. No privacy issues were identified in the E-survey pilot conducted in 2019. This year, schools and districts are being instructed to disable any recording, keystroke tracking, and video capture software on school-issued devices used to take the survey. They are also going to instruct students to do the same on personal devices used to take the survey before they begin. If you use any software to monitor the device your student will use to take the survey, please turn it off before they begin to ensure their honest participation.

Please read the Parent and Student Notification Letter for more information about the Healthy Youth Survey. Additional information can be found [HERE](#).

There will be no parking available in this area until the space is cleaned up after the event. We encourage you to carpool and arrive early. Then, come by and play a game, or grab a bite and say hi to our Ravens and celebrate Homecoming before the game!!

For our Homecoming "royalty", voting has been taking place before school, during lunches, after school and a last chance on forms. Only vote once because if you try and vote more than once, your vote will not be counted!
